Powerful Force of United States Navy Helps British Fleet

Presence of Task Force in British Waters Is Revealed Today

London, June 11.—(AP)—Powerful United States naval units have joined the British home fleet in the tasks of blockading the Germans and protecting vital allied shipping lanes by keeping Adolf Hitler's mightiest warships from joining the battle of the Atlantic.

The American forces, whose arrival was announced today, apparently are strong enough to cope with the German super-battleship Tirpitz, the cruiser Admiral Hipper and other lesser craft should they venture forth from the Norwegian bases where for weeks they have constituted a potential threat to Russia's Arctic supply line.

Indications that the Tirpitz might soon attempt a dash into the Atlantic were seen here in Danish radio reports that Grand Admiral Erich Raeder, Commander-in-Chief of the German navy, had just completed an inspection of that vessel and other warships at Trondheim.

Called "Task Force"

The full strength of the American units, described officially as a "task force," was not revealed, but some indication of their power was given by the disclosure that King George VI had inspected a United States battleship, a cruiser and several destroyers.

That the American warships have been operating from bases in the United Kingdom for more than a month was evident from the announcement that they had been greeted at sea and escorted to port by the British cruiser Edinburgh, which was sunk May 1 while protecting a Russia-bound convoy against attacking German submarines, destroyers and planes.

While the task force is under the direct command of Rear Admiral Robert Giffen, he will receive his orders from Admiral Harold R. Stark, commander of all United States naval forces in European waters.

11 St. Charles Inmates Escape After Outing

Plano, Ill., June 11.—(AP)—Eleven inmates of the Illinois state training school for boys near St. Charles escaped today after tugging the driver of a bus in which they had been taken on a winning party for good behavior, and driving off in the bus with ten other boys who were later seized.

Russell W. Ballard, managing officer of the school, said the slugging occurred at Exposition park near Aurora as the boys were being taken back to the school after an outing given as an award for days of good behavior.

Ballard said Keith Armstrong, creational director of the school, did not drive the bus which was stopped near a wooded section of the busload of 25 boys started toward St. Charles.

Ballard said Albert Handwork, use father at the Van Buren cottage where the boys lived, was held captive in the bus while it was driven to Plano, Ill., where it was stopped near a wooded section. The eleven fled into the woods but ten voluntarily returned with the house father who was uninjured.

The War Today!

By DEWITT MACKENZIE  
Wide World War Analyst  
(Telegraph Special Service)

The Japs, whose reputation for veracity isn't above reproach, claim they have been able to occupy western islands in our Aleutian chain off the Alaskan peninsula, and they emphasize this as having "pointed a sword at the enemy's throat."

Washington replies through a navy spokesman: "We have no information about any Japanese on Alaskan soil. Certainly none of our inhabited areas, islands or rocks are troubled with unwelcome visitors up to this time."

Well, if the little men of Nippon are lying, who can blame them for trying to save face with their home folk in view of our great victory at Midway? Admiral Nimitz, commander of the U. S. Pacific Fleet, discloses that our Midway forces routed an armada of over thirty warships and that perhaps half the vessels of this great fleet were casualties, with the resulting deaths of thousands of Japanese. That will take some explaining to the people of the Mikado's domains, and the claim of a landing in the Aleutians may make the task easier.

To give the devil his due, we can't rule out the possibility that the Japs may have boarded some tiny, unoccupied rock. Anyway, if none of our "inhabited areas, islands or rocks," has been occupied, any argument about the matter is a tempest in a teapot. There are plenty of uninhabited spots among the volcanic pinnacles which form the islands in the western Aleutians where a Jap or a monkey could clamber ashore and hang on, though such a precarious perch would be a painful liability.

The Aleutians swing westward from the Alaskan peninsula in a comet-like curve for a thousand miles towards Russia's Kamchatka and Japan. Most of these islands are volcanic and some are active. They have rocky coasts and are very dangerous to approach because the land rises sharply from the sea to steep mountains.

The weather is an abomination, for though most of the year the Aleutians are shrouded in fogs which frequently give way to hurricanes. In some sections the hurricanes are punctuated by dangerous williwaws—violent icy blasts. It is a most inhospitable picture. June and July are the only months which provide decent weather and this fact presumably was one thing which encouraged the Japs to attack. By the same token they may return to the assault.

Smith Bros.' Day in Court Shorn of Excitement; Counsel Fails to Show

The Smith brothers, Ed and William, of Amboy, had their field day in court yesterday afternoon, but prospects for the anticipated legal battle dwindled early in the proceeding when their counsel, Attorney Lloyd Scriven, did not appear. The action had been started in Justice Fremont Kaufman's court, but when counsel for the brothers demanded trial before a 12 man jury, with a field of witnesses, Justice Kaufman arranged to transfer the hearing into the County court room.

Nazi High Command Claim of Capturing Bir Hacheim Denied

British Announce Free French Forces Beat off German Assault

(By The Associated Press)  
Adolf Hitler's high command asserted today that axis troops had captured Bir Hacheim, southern anchor of the 50-mile British defense line in North Africa, while British headquarters declared that Free French defenders had beaten off a new series of assaults on the key outpost.

The nazi communique said: "The fort of Bir Hacheim, southern pillar of the British defensive system, was this morning taken by storm after several days of bitter resistance by strong enemy units encircled there."

The Free French commander of the garrison had previously rejected six axis demands for surrender. Confirmation of the German claim was lacking elsewhere and like past nazi claims may be premature. London military headquarters said British armored and motorized forces, supported by RAF planes, aided the Free French in repulsing Field Marshal Erwin Rommel's furious tank assaults on Bir Hacheim all day yesterday.

The German claim, if true, apparently would mean that the British flank had been placed in considerable danger and might mean a rearrangement of the whole British front.

British military circles, conceding the possibility that Bir Hacheim had fallen, said the immediate effect would be to relieve Marshal Rommel's supply difficulties around the British left flank.

These quarters said the position

Polo Youth Held to Grand Jurors

William Engel, 19, of Polo, was bound over to the Stephenson county grand jury on a charge of larceny at a hearing Wednesday before Justice of the Peace M. L. Karels of Freeport. Engel gave bond of \$2,000.

Engel is charged with stealing an automobile owned by W. L. Calkins, of Freeport, June 1.

The car was recovered near Haldane June 2. According to authorities, it was stripped of tires and accessories, its interior saturated with gasoline and a match touched to it.

Engel and two other youths are charged with arson in connection with the fire. The arson charges were made by Ogle county officers.

U. S., Great Britain, Soviet Russia Talk Over "Second Front"

Agreement Reached; No Indications When It Will Be Opened

London, June 11.—(AP)—Pledging themselves to rebuild Europe on the terms of the Roosevelt - Churchill Atlantic Charter, Britain and Russia have signed a 20-year mutual assistance treaty "against Hitlerite Germany," Foreign Minister Anthony Eden announced today.

The pact was signed on May 26 by Eden and Russia's Foreign Commissar, Vyacheslav Molotov, at the British foreign office. The Russian statesman then visited Washington. Molotov now has returned to Moscow.

The United States was kept fully informed of the London negotiations, it was said. Japan is not mentioned in the British-Russian treaty.

It was announced that Molotov had had "most useful and satisfactory talks with the president in Washington."

Paralleling the London treaty talks was a series of military discussions in which the "urgent need" of a second European front was agreed upon, it was announced.

Eden said that a "full understanding" had been reached with "regard to the urgent task of creating a second front in Europe in 1942," but whether the actual opening of such a front was definitely decided on was not stated.

ON "SECOND FRONT"

Washington, June 11.—(AP)—President Roosevelt and Soviet Foreign Commissar V. M. Molotov, the White House announced today, have reached a "full understanding" in conversations in Washington "with regard to the urgent task of creating a second front in Europe in 1942."

The White House, in a formal statement disclosing that Molotov had visited this country, gave no additional details on a second front. Nor did the statement say whether the agreement was to open such a front or not to do so.

Another momentous development announced today, in London, was that Russia and Britain had signed a 20-year mutual assistance treaty.

The American president and the Russian commissar, the White House said, also attained a "unity" of views on two other vital questions pertaining to their war efforts:

**Other Vital Matters**  
"Measures for increasing and speeding up the supplies of planes, tanks and other kinds of war materials" from the United States to Russia, and the "fundamental problems of cooperation of the soviet union and the United States in safeguarding peace and security to the freedom-loving peoples after the war."

"Both sides state with satisfaction," the statement declared, "the unity of their views on all these questions."

Molotov, bespectacled, 52-year-old right hand man of Premier Joseph Stalin, arrived in Washington on May 29 and left on June 4. He now is safely back

Suspicious Fire on Laden Ship in N. Y.

New York, June 11.—(AP)—A fire of suspicious origin broke out today on the S. S. Irene DuPont, which the fire department reported was being loaded with a cargo of rubber tires, aviation oil and cartridges at its Brooklyn pier.

The fire department dispatched two fireboats to fight the blaze, which it said was discovered at 6:54 a. m. (EWT) in the No. 2 hatchway of the ship and was raging between decks.

Huge clouds of dense smoke were pouring from the stricken vessel, tied up at pier 2 at the foot of Columbia street in Brooklyn.

The Third Naval District public relations office authorized use of the story, including the ship's name.

The fire was brought under control within an hour, and fire officials said that it had been confined to a section of the ship's general cargo.

No one was working on the freighter at the time of the fire, and police said no one was injured.

"Better Show Than World Series"

Part of Epic Story of Battle of Midway Told by Pilots of American Planes Which Routed Proud Jap Armada

General Emmons Headquarters, Territory of Hawaii, June 11.—(AP)—Part of the epic story of the Battle of Midway was told today by American Army pilots who with Navy and Marine fliers smashed Admiral Yamamoto's fleet and saved the Hawaiian islands from invasion.

It is a story of cool courage and firm determination—of the unbeatable combination of American men and machines.

Its moral is that American planes alone may not win the war—but the boys flying American planes will—they and their companions on land and sea and those Americans who are working and sacrificing to produce the tools for the war machine.

American boys fought until they were dizzy from lack of sleep, and kept fighting. Planes did things they never were built to do and stood the test.

"A better show than the World Series," was the way crew members of one of the army's big B-17 bombers described the battle.

Too many—although the total number was not large—Americans died. But in dying they took enemies down in flames with them.

This part of the story is that of the Army's land-based aircraft, and for them the battle started the afternoon of June 3 when they got the first punch.

Two huge Japanese fleets were approaching Midway, one consisting principally of transports from the west and the other of the battle fleet from another direction.

General Willis H. Hale of Colorado Springs, commander of the Hawaiian bombardment command, told how Americans got in the first decisive blow.

Army bombers made their first contact with the enemy far to the west of Midway the afternoon of June 3. Bombs, dropped in a medium altitude attack, hit and damaged one cruiser or battleship which was left in flames, as were also one transport and one destroyer.

The following morning, army planes took off anticipating that Japanese planes from the second enemy fleet—which was much closer than the force bombed the previous afternoon—would hit the island. Marine fliers also hopped off and were in the air when the Japanese arrived.

Twenty minutes later, marine dive bombers swarmed down on

Japanese ships, adding further destruction (navy dive-bombers and torpedo planes also attacked about the same time but the details have not been released).

All Reports Not In  
At 8:30 a. m. army heavy bombers—flying fortresses—attacked the Japanese battle fleet from a high altitude, hitting one carrier (possibly the army bombers also damaged other enemy vessels, inasmuch as at the time of writing all the reports still were not received).

Meanwhile, Japanese planes

Supreme Court of State Refuses to Hear Fees Appeal

The Supreme court of Illinois has denied the petition of Eleanor Edwards Westen for leave to appeal to that court in the matter of fees allowed to the executor of the last will of Judge Harry Edwards, deceased. Henry C. Warner, as executor of the will, filed a petition in the Lee county court asking that the amount of his fees as executor be fixed by the court.

No specific amount was suggested. After a full hearing, where four witnesses alleged to be experts from Chicago testified on behalf of Mrs. Edwards, Judge Gehant in the county court fixed the fee at \$12,000 for settlement of the estate, which aggregated more

Dixon Women Injured In Traffic Accident

Five Dixon women employed at the garment factory at Polo escaped serious injury in an automobile accident about three miles north of Dixon on route 26 yesterday afternoon about 4:30 o'clock while returning to Dixon during a heavy down pour of rain, when the car left the paving, skidded on the shoulder and turned over.

Mrs. Linnie Buchanan, Third street and Lincoln avenue, suffered severe cuts about the head which required ten stitches to close. Mrs. H. C. Wangen, 601 Lincoln avenue, suffered an injury to her back and sustained minor cuts. Both women were removed to the Katherine Shaw Bethel hospital where their injuries were dressed, and returned to their homes last evening. The three other women occupants of the car suffered only minor cuts and bruises.

Lucky Clark Lee once more has landed squarely in the midst of a great, historic battle and is again cleaning up the story with the skill of a veteran who has seen plenty of action in the Pacific area.

Lee, 35, was headed homeward on a vacation last December when the Japanese attack caught him in Manila. He covered the Philippine campaign and the defense of Bataan so masterfully that he won widespread praise throughout the United States and official commendation from the U. S. Army.

From the Philippines he went to Australia, thence to New Zealand and New Caledonia. He turned up in Hawaii just in time to cover the Midway action.

Lee was graduated from Rutgers university in 1929 and joined the Associated Press New York staff that year. He has served AP members in Mexico City and Honolulu and in the Shanghai and Tokyo bureaus before the war.

San Diego, June 11.—(AP)—OPA Executive John A. Donnelley stepped into a grocery store to make a purchase and noted no ceiling prices posted.

He does now.

Portland, Ore., June 11.—(AP)—A Chinese merchant told OPA inspectors he was having difficulties posting ceiling prices because . . . he had bought out a Japanese merchant and couldn't read the Nipponese figures.

Father Confesses to Slaying Son-in-Law

Morristown, Tenn., June 11.—Sheriff Ben Creech announced today that Frank Morgan, father of girl-wife Mattie Pearl Manning, had confessed he fired the bullet that killed her husband a month ago.

The 14-year-old Mrs. Manning, held under bond pending grand jury arraignment, previously confessed to officers that she shot her husband of three months "because I was afraid he was going to kill me."

"Manning had threatened to kill me and my entire family," Sheriff Creech quoted Morgan as saying.

The sheriff said Morgan explained that "Mattie Pearl took the blame for the shooting because we thought she would get out of it easier than I could."

Sheriff Creech said a murder warrant had been served on Morgan.

Manning accused his bride of the shooting before he died, authorities said. The sheriff said Morgan's statement said he fired over the girl's shoulder.

House in Woosung Is Struck by Lightning

Lightning which accompanied a heavy thunder storm about 2:30 yesterday afternoon, performed some antics at the William Odenthal home at Woosung, when a bolt struck the house, shattering several panes of glass, setting fire to the window curtains and rolling up a rug on the floor of one room.

Mr. Odenthal who was in an adjoining room was stunned by the bolt but suffered no ill effects. Several burned spots appeared on the floor under the rug, but no serious fire resulted, the bolt apparently spending its force in the ground.

St. Louis Church on Swing Shift to Meet War Conditions for Workers

St. Louis, June 11.—(AP)—Keeping step with wartime conditions Lafayette Park Baptist church has gone on a swing shift with early morning services for defense workers.

The first of these unique worship periods was held at 2 o'clock this morning, and the Rev. O. R. Shields, the pastor, who got his idea from midnight movies, said they would continue as a regular Thursday morning feature until the war ends.

He picked Thursday because it seemed to be the most suitable time for war workers and others whose hours of employment con-

flict with regular religious services.

"This is not a special entertainment program," he told his early morning listeners, most of whom came, dressed in their every-day work clothes—coatless or wearing slacks and house dresses.

"It is a regular church service for defense workers who otherwise would be unable to attend church."

"We need Bibles today for defense the same as we need bonds and bullets, and there's no reason why we can't worship the same and sing as well at 2 o'clock in the morning as we can at 11 o'clock."

from carriers were attacking Midway.

Their first attack lasted 38 minutes and was directed against both Sand Island and the nearby Eastern Island, which together comprise Midway.

Japanese dive-bombers then slipped out of the sun and attacked Midway's ground installations while pursuit planes followed. At least 180 enemy planes participated in the attacks.

Marine fighters engaged the enemy planes and the marine ground defenders cut loose with everything from anti-aircraft to sidearms.

The Japanese did not bomb runways, apparently expecting to occupy the islands and use them for an airbase.

Shortly after the Japanese withdrew, the American planes returned to refuel and take on more bombs.

At Critical Period

"This was the critical period of the entire battle for our land-based airforce," said General Hale. "But the enemy didn't come back. They were too busy protecting themselves. From then on the Japanese were withdrawing and it was a series of mopping up operations."

Largest Petroleum Conduit in World Approved by WPB

Washington, June 11.—(AP)—The War Production Board has approved immediate construction of the world's largest petroleum conduit—a 550-mile, 24-inch pipeline from Longview, Tex., to Salem, Ill.—to increase the flow of oil to the east.

The pipeline is to be completed about Dec. 1 and will deliver 350,000 barrels of oil a day to the Salem area for trans-shipment east by tank cars, barges and Great Lakes tankers. However, Donald M. Nelson, chairman of the board, said it probably would be used primarily for fuel oil. There was no indication that it would bring any relaxation of eastern gasoline rationing.

Some officials expressed a hope that the line eventually would be extended from Salem to the New York-Philadelphia refining area. A Texas-New York line was re-

Half of Nipponese Warships Damaged or Sent to Bottom

180 Planes Dispersed; Hawaiians Are Saved From Invasion

By ROGER D. GREENE

Associated Press War Editor  
Dramatic new accounts of the battle of Midway revealed today that American flying fortresses and other U. S. forces broke up two huge Japanese fleets, beat off an attack by 180 enemy planes and saved the Hawaiian islands from invasion.

Admiral Chester W. Nimitz, commander-in-chief of the U. S. Pacific fleet, said perhaps half of the enemy ships were sunk or damaged in the three day battle which saw Japan suffer her greatest naval disaster in history.

Admiral Nimitz said thousands of Japanese must have perished—left to drown by their shipmates in flight before the Americans.

The battle ended Saturday when pursuing U. S. forces lost contact with the enemy in the darkness.

"A better show than the world series," jubilant crew members of one of the army's big B-17 bombers summed up the battle.

Jap Veracity Slumps

Coincidentally, Japan's reputation for veracity appeared to have slumped even in Berlin as the German radio broadcast Stockholm reports discounting the Japanese boasts of victory in the battle of Midway and Tokyo hints that Japanese troops had landed in the Aleutian islands off Alaska.

The broadcast cited American viewpoints that "after the naval battle in the Coral sea and heavy losses in the attacks on Midway island, the Japanese had lost so much of their combined military fighting power that they could not attempt a successful invasion."

At the same time, Japan's leading civilian naval expert, Masanori Ito, gave the first authoritative suggestion from Tokyo that two Japanese aircraft carriers had been sunk and one heavily damaged.

The two big enemy armadas approached Midway on June 3, with a train of transports striding from the west while a powerful battle squadron steamed up from another direction.

Eye witness reports by American Army, Navy and Marine fliers indicated there were about 29 ships in the transport force and "some 20 to 25 ships" in the battle squadron.

Getting in the first decisive blow, U. S. Army bombers made first contact with the enemy far west of Midway on the afternoon of June 3.

In medium altitude attacks, braving a terrific barrage of anti-aircraft fire, the army planes hit and set fire to a Japanese cruiser or battleship and also left a transport and a destroyer in flames.

The following morning, June 4, U. S. Marine dive bombers and Army fliers smashed the Japanese battle fleet 150 miles off Midway and inflicted heavy damage on the enemy. Full details have not yet been released.

Midway Attacked  
Meanwhile, at least 180 Japanese planes from carriers attacked Midway with heavy demolition bombs for 38 minutes but did not bomb the runways, apparently expecting to capture the island, and use it as an air base for attacks on the Hawaiian island 1,200 miles to the southeast.

While Americans thrilled to new details of the crushing Japanese defeat, with the full story yet to be told, Japan's version of the battle ballooned to fantastic proportions.

Vice Admiral Ichiro Sato, a member of the Japanese naval general staff, blamably asserted that Admiral Yamamoto's fleet had made "a decisive advance toward absolute mastery of the sea" by inflicting "smashing blows" on U. S. naval forces at Midway and Dutch Harbor.

## Chicago Jeweler and Wife Report Robbery of \$33,500 in Jewels

Chicago, June 11.—(AP)—Harry Swartz, head of a loop jewelry firm, and his wife, Dolly, reported to police they surrendered jewelry valued at \$33,550 to three robbers early today in front of the Windermere East hotel, where the couple live.

Swartz said that among the jewelry taken from his wife was a platinum bracelet set with 426 diamonds, valued at \$19,000; a platinum wrist watch with a mesh band set with 140 diamonds, valued at \$5,000; and two diamond rings, one of which was valued at \$6,000. A diamond brooch concealed by a corsage on her dress was overlooked. He said he surrendered \$50 in cash and a diamond ring.

The robbers escaped in an automobile, bearing an Indiana license plate, the number of which was noted down by two garage employees who earlier saw the car parked near the hotel, police said.

## Rules of Commerce Commission Changed

Chicago, June 11.—(AP)—Rules of practice for the Illinois Commerce Commission will be liberalized, effective Sept. 1, to permit staff members and experts regularly employed by corporations to practice before the commission.

Chairman Joyn D. Biggs said the rules provide no novel departure from present practice. A special report by an examiner is provided to be used only when necessary to expedite an unusual and difficult case, he said.

He said corporations may not, however, hire special experts, other than attorneys, to plead a case. The experts may appear as witnesses.

Jew Marked Man Where Nazis Rule

(Editor's note: The status of the Jew under nazism is described by Louis P. Lochner, chief of the former Associated Press and Wide World Bureau in Berlin, in this ninth of a daily series for The Telegraph since his return from internment in Germany.)

BY LOUIS P. LOCHNER

New York, June 11.—(Wide World)—Because of Adolf Hitler's blind hatred, the Jew is a marked man wherever nazism holds sway.

The yellow six pointed star with the German word "Jude" or its Czech or Dutch or other foreign language equivalent points him out as a person who must be avoided.

In Nazi Germany the treatment of the Jew has alternated between broken promises and sadistic cruelty. That the Jew would be removed from public office and possibly also dislodged from cultural positions of influence, once the nazis came into power, was apparent long before Adolf Hitler took over on Jan. 30, 1933.

The nazis themselves, however, were careful to say that the Jew could continue in business. Soon he was not only barred from every form of business but his property was virtually confiscated. Today he is unable even to go into a shop except during certain hours, and then only if there is no sign to the effect that "we don't sell to Jews".

Restaurants are closed to the Jew. If he is found in a movie performance or at a concert or in a theater, the concentration camp is certain for him.

In 1934 the so-called Nurnberg laws defining the status of the Jew were passed by the reichstag during the Nazi party annual convention. The laws were stringent, but the Jew thought that at least now there was a clearly defined basis for his further existence in the reich.

**LAWS IN DISCARD**

The Nurnberg laws have long been put in the discard except when it is possible to invoke them to the disfavor of the Jew. The plain fact is that the Jew stands beyond the pale of any law. Until quite recently, he still had the comforting thought in some cases that the firm in whose services he had grown grey would continue to pay him the pension accorded all faithful workers on reaching the retirement age.

But last March 25, Hitler decreed that all firms must report what pensions they still pay Jews. Everyone acquainted with Nazi practices knew instinctively that this foreshadowed the cancellation of pensions for Jews. The extraordinary powers voted to Hitler by the reichstag April 26, whereby he can do anything he pleases without even the semblance of due process of law, confirmed this fear.

It now comes to this: Any Jew

appearing on the streets is marked by a Jew-star band. If he waits for a street car, his aryan fellow commuters have the right to climb into the vehicle first. Since all cars are crowded in wartime during rush hours because of the exceedingly limited service, the Jew might as well give up hope of securing transportation. He is not allowed to take a taxi; and he is not allowed to enter a railway train except with a special permit.

**Irked by Americans**

But supposing he had the rare good fortune of crowding on to an omnibus or street car: He may not take a seat unless Aryans have first been seated, on many an occasion we Americans have encountered angry glares by dyed-in-the-wool nazis for offering our seats to some emaciated, bent old Jewish lady.

On the other hand it must be said that we also at times witnessed scenes of real courage, especially on the part of German men in military uniforms, who likewise yielded their places when some particularly miserable-looking Jewish individual entered.

Even in his own home he is not master of his fate. That he may not have any servants goes without saying. But he is not permitted to dispose of any rug or article of furniture without official permission.

The history of these evacuations is one of the darkest blotches of the Nazi escutcheon.

Jews soon dreaded looking into their mail boxes, for any morning a Gestapo notice might come telling them they must get ready in so-and-so many days for evacuation. They were permitted to take with them only what they could carry on their persons and in their hands; and even here the number and kinds of articles were strictly limited.

## Fathers' Day, Sunday, June 14, Proclaimed

Springfield, June 11.—Governor Dwight H. Green today issued a proclamation designating Sunday, June 14, as Fathers' Day, pointing out that the day has unusual significance this year because of the war. The proclamation follows:

"Whereas, The American home is recognized as the foundation of our social structure, and

"Whereas, American fathers are now fighting fearlessly in our armed forces and working devotedly in office, on farm and in factory to safeguard the sanctity of their homes and the safety of their loved ones against ruthless foes, and

"Whereas, the custom of setting aside an annual day for the special honor of American fathers is worthy and well-founded, and the observance of the occasion is sponsored by numerous civic and patriotic organizations.

"Now, Therefore, I, Dwight H. Green, Governor of the State of Illinois, do hereby proclaim Sunday, June 14, of the present year, as Fathers' Day throughout Illinois."

## Poets' Corner

The following poem by Dorothy Hollingsworth Shippert accompanied announcements of the third annual reunion for the Shippert family, to be held Sunday in Lowell park:

The big reunion is coming soon,  
June 14th; dinner at noon.

Attention Women of the Shippert clan—  
Grab your basket, and bring your man.  
Let's get together while we can.

It's picnic rules; just bring delicious  
Food to suit your family wishes,  
And don't forget to bring your dishes.

Bring the children, large and small,  
If they're Shippert kin—we want them all.

Come and meet your distant cousins,  
And all relations by the dozens.

If some look strange to you—why then,  
It's time to get acquainted again.

Eat your fill, enjoy the views;  
Find out the latest Shippert news.

How many married? How many born?  
Who's in the army? How is your corn?

And the hired help question and sugar ration;  
And what we can do to help our nation.

We're sure to have a wonderful lark  
At the Shippert reunion at Lowell park.

It's a patriotic duty to keep healthy, so do the things that make you feel fit and avoid the things that the doc warned you about.

## HE GOT OUT IN FRONT

Port Collins, Colo.—(AP)—One way of winning a batting championship is to get in front at the start and stay there.

That's what Harvey Olson of Colorado State did in capturing the hitting title in the Mountain Intercollegiate Baseball League. He smacked 25 hits in 52 times at bat in 12 games for a husky .481 average.

Olson grabbed the lead in the first week of play in early April and was never headed.

However, he wasn't around to claim the title when he finally had won it. A second lieutenant in the R. O. T. C., he was called into army service as soon as Colorado State wound up its schedule before the league season was completed.

## West Brooklyn

### Parish Play

The parishioners and friends of St. Mary's parish at West Brooklyn are going to be given a real treat on Thursday night, June 18 at 8 p. m. when a home talent play entitled "I'm in the Army Now" will be presented by a group of local young men and women.

This play is not a war play but a timely comedy of family life. Nothing depressing about this play. On the contrary it portrays a screamingly funny picture of modern family life and one that will cause you to howl with laughter throughout its innumerable funny situations. The Robertson household consists of Ma and Pa, their three children, and Pa's mother, who is affectionately known as Granny. The three children are a son named Bronson, another son named Toby who has reached the ripe old age of 15 (a great comedy part) and a daughter named Dianna who is 20 years old. Although she is devoted to all the children, Bronson is mother's favorite and she fusses over him, never losing an opportunity to dose him with medicines whether he needs it or not, and literally spoils him to death. Since Bronson is in his early twenties, he has to register for the draft and Ma is horrified at the thought that her dear boy might have to spend a year away from her, so she devotes all of her time and energy to thinking ways and means whereby Bronson won't have to leave her, even going so far as telling the draft board that her son is suffering from a chronic ailment. However Bronson is declared 100% physically perfect. Ma is beside herself.

Bronson goes to camp, taking with him a load of extremely funny presents. At home things go from bad to worse. Pa loses his business and is forced to get a job. Toby stays out at all hours of the night. Dianna leads a useless, aimless life. Bronson comes home unexpectedly on leave. He is astonished at the turn of events in his family. Decides to do something about it. Conscripts family, forms a private army of his own and makes all members join up. The re-

sults of Bronson's efforts are truly hilarious and furnishes an evening of solid entertainment. If ever there was a cast play it is "I'm in the Army Now". Everyone has a splendid part. Wait until you meet rattle-brained Morrison, who insists that she has a perfect right to protect her country and goes to the draft board to register. And when you see the scene where—but it would take too much space to tell you about the gay frivolity of Toby and Granny—why not come to St. Mary's hall on Thursday night, June 18 and see for yourself. . . . make a date with yourself for the night of June 18 and you will laugh and howl with glee.

## A Thought for Today

Thou shalt be hid from the scourge of the tongue; neither shalt thou be afraid of destruction when it cometh.—Job 5:21.

God tempers the cold to the shorn sheep.—Henri Etienne.

## Stop Gripping

It would be pleasant to record that the American people are awake, at long last, to the fact that we are involved in a total war in which absolutely nobody can avoid making unpleasant sacrifices.

That, however, is not the fact. In the big things, true, the vast majority takes bitter medicine without much complaint. But in the smaller, everyday deprivations which are piling upon us, we are proving to be a nation of bad sports.

The men, young and old, who are called into the fighting services are giving up the comforts of home without a murmur, and accepting patriotically an utter disruption of their economic and social careers.

Wives, parents, children of our citizen soldiers and sailors are bowing to the inevitable courageously—even proudly.

Hundreds of thousands of men and women are

donating most or much of their spare time to civilian defense projects, to service on draft boards and rationing boards, to the humdrum of registrations and to similar necessary but unspectacular wartime duties.

Go around the country and ask those you meet if they are ready and willing to sacrifice—if they realize that great sacrifices are necessary—and you will get a chorus of enthusiastic affirmation. Seek specific instances in which individuals, groups, whole communities are going all out for the war, and you'll find them galore.

But settle down where you will, keep your mouth closed and your ears open, and see what you learn then.

The laundry man is abused hourly because he can't call back for the wash that wasn't ready, and can't make special delivery on that order that might as well have been given him two days earlier.

Intelligent, informed women are forming "clubs" to refuse to carry packages home from stores because, forsooth, the merchants would save the cost of the service they no longer are able to render.

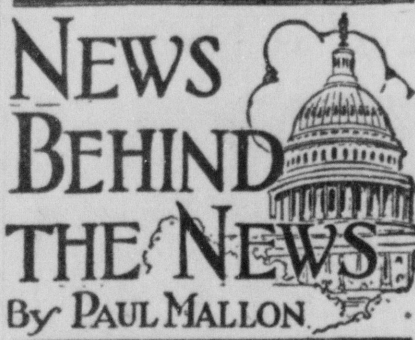

The eastern gasoline vendor refrains from punching a rationing card, or serves 10 gallons and punches one unit, and the motorist drives proudly away. He is a big shot. He has got away with something.

We're willing to work overtime at pay and a half—Saturdays, Sundays and holidays at double time. We're willing to sell anything we have to Uncle Sam—at the highest price we can get.

These things are not true of every individual. They are so nearly universal, however, that no libel on the American people is committed when they are stated as generalities.

How long will it be before we as individuals wake up to the fact that this is the greatest emergency through which the civilized world ever has tried to fight its way? That no sacrifice is too great, except democracy itself, for the preservation of democracy?

Spring rains are here but the verse is yet to come.

By PAUL MALLON  
(Distributed by King Features Syndicate, Inc., reproduction in whole or in part strictly prohibited.)

Washington, June 10—I have a letter from a Harvard economist who holds that the maladjusted production was the cause of the ten years of pre-war depression, and he wants production adjusted for post-war prosperity.

A letter from an economic analyst on an important committee in Sioux City simultaneously tells me that prices caused our trouble and he wants prices fixed at a high figure.

A business man in the east made a speech in which he held that sales and marketing was the cause and should be the remedy.

I have come to distrust all mechanical economic formulas. The new deal tried them all and they did not work to remedy the condition with which we were faced.

The price theory of the Sioux City economist was tried first in the gold devaluation and, other ways. The value of gold was changed to stimulate prices but prices did not move.

The theory of the Harvard economist was tried in the farm program with arbitrary corrections of maladjusted production. A business counterpart of that was tried in the spending policy to create artificial production.

These two steps failed to do the job, until the war came along and the necessity for unprecedented war production required the expenditure of inconceivable sums, which, of course cannot be maintained permanently.

The sales and marketing theory of the business man has not been tried. It does not involve a mechanical formula. Instead, it assumes only that government will be used for benevolent encouragement of the democratic capitalistic system, not for discouragement. It proposes reform through prosperity, a sharing of the wealth by increasing it for all, not by dividing what is left in depression.

This business man Walter D. Fuller, president of the Curtis Publishing Company, says there were an estimated 6,000,000 homes without bathtubs in this country during our ten depression years, 19,000,000 without telephones, 10,000,000 rural homes without central heat.

"Lack of buying power?" he asks. "Not at all. Lack of ingenuity in exchange of goods and effort. We could have produced and financed these needs and more. We failed to do the selling job."

People will have money after this war he points out. Savings are accumulating.

Our system a failure? Why, says Fuller, from "a poor nation, 95 per cent of whose people were ill-clothed, ill-fed, ill-housed and ill-educated, we have risen in 150 years to the supremacy of the world, over all other systems."

Was this because nature endowed us lavishly, or because we were larger, older, better than others? asks Fuller.

"China has an older civilization, India has a larger population, Russia has comparable natural resources, England is a greater empire, France also was a republic, Germany has highly trained and skilled workers, Japan has a longer work day."

"But in all the world, only the United States could hope to produce enough planes, tanks, guns, ships and everything else quickly enough to win this war."

Fuller could have gone further. He could have pointed out that this unprecedented accomplishment is attributable to the new unification of purpose as between government, capital and labor and the typical American ingenuity exhibited by all three in this war effort.

He could have expanded his cure-theory beyond the sales and marketing phase, which are his special fields, into the whole field of government-citizen relations for the future, in which government emphasis should strive to help business to develop and expand, encouraging citizens to work, and thus accomplish their own greater security through savings and effort, urging profits for all, for business, for labor, for citizen, punish disunity wherever found in all three groups alike, in a democratic way.

Our trouble the past ten years, as the success of our war effort shows, is that we have had our head down, looking only at unemployment figures, grouping for security at the bottom of the hole instead of at the top, trying to share a depression wealth which

did not exist, instead of creating real wealth for all.

The depression stunned us into this despair. Even when he had 9,000,000 unemployed for a time, we had 40,000,000 or more employed whose interests were of at least equal importance, although you never heard of them, only of the unemployed. We looked at the bottom side of everything.

I think a "sales and merchandising" policy under unified cooperation of government, capital and labor is all this country needs.

This does not mean a return to the old system, because that cannot be done. The taxation, regulatory and labor standards have been permanently established in our reform era. We should merely go on now and use them democratically and wisely, rather than sink back into the reactionary and permanent depression of socialism, of the communist, Nazi or fascist varieties.

## Deaths

### MRS. HARRIET PARK

Petersburg, Ill., June 11—(AP)—Mrs. Harriet Rutledge Park, 91, a second cousin of Ann Rutledge, died yesterday. She was a life-long resident of Menard county.

### MRS. JOHN H. GRAHAM

Freeport, Jan. 11—Mrs. John H. Graham, 67, 1408 West Lincoln boulevard, Freeport, died Tuesday at Rockford Municipal sanatorium after a lingering illness. She had been a patient at the sanatorium since last October.

The former Nellie Mae Bokhof was born March 16, 1877, in Rock City, the daughter of Herman and Amelia Bokhof. She married Mr. Graham Sept. 10, 1896, in Rock City. The couple resided in Durand, where Mrs. Graham made her home for 18 years, before moving to Freeport 22 years ago.

Mrs. Graham is survived by her husband, a member of the Stephenson county board of supervisors; a daughter, Miss Mildred Graham, Cincinnati, O., school teacher; and two sisters, Mrs. Henry Graham and Mrs. T. H. Young, both of Durand.

A son, Hilton; a brother, Dr. Clayton Bokhof of Dixon; and a sister, Miss Lulu Bokhof, preceded her in death.

Funeral services will be held at 2:30 p. m. Friday at the Second Presbyterian church, Freeport, of which Mrs. Graham was a member. The Rev. Brainerd N. Covert, pastor, will officiate and burial will be in Oakland cemetery.

Mrs. Graham was active in the primary department of the Second Presbyterian church.

## Showdown on WPA

### Question in House

Washington, June 11.—(AP)—The House approached a showdown today on the question of wartime continuance of the WPA which, at its peak in 1939 had 3,000,000 of the nation's jobless on its rolls at a cost of \$2,250,000,000.

Rep. Taber (R-N.Y.), ranking minority member of the house appropriations committee, served notice that he would move to knock out a \$80,000,000 allotment designed to provide WPA employment for an average of 400,000 persons monthly during the fiscal year beginning July 1.

In the opening skirmish on the floor yesterday, WPA critics denounced the organization as inefficient, unnecessary and wasteful, with Taber declaring that the request for funds came at a time "when any man or woman willing to work can find employment."

He contended that approval of the appropriation would serve but one purpose—"x x x that the misfits who have made a mess of the WPA over the years may continue on the public payroll."

## Lee Co. Taverns' Licenses Will Be Higher Next Year

Lee county taverns and road houses will pay a much higher license when applications are received at the close of the present fiscal year. Two resolutions presented to the board of supervisors at the regular June meeting this week, clamped down on the regulations governing the operation of taverns and increasing the license fees. The members of the board adopted both resolutions as presented by the judiciary committee at the instigation of the county liquor control commission.

Class A licenses which permit the sale of liquor in original packages was increased from \$300 to \$400. Class B licenses, governing the operation of clubs went skyrocketing from \$50 to \$250, and class C licenses covering the sale of beer and malt beverages was next to be increased materially, from \$60 to \$250. The resolution provides that the fee shall be paid annually in advance of issuance of the license, which eliminates the payment plan at intervals which has been practiced in some instances.

It was reported that the actions of some of the operators of taverns and clubs in the county, which has been the cause of no small amount of complaint, resulted in the drastic action of the board members, to enforce regulations. A second resolution which amends the original tavern control measure provides that all lights in taverns throughout the county shall be extinguished from 1 to 6 a. m., every day in the week, making no exceptions.

## 3 Million Dutch to Be Settled in W. Russia

London, June 11.—(AP)—German authorities in Holland have set up an official corporation to carry out a vast plan of moving 3,000,000 Dutch from the Netherlands to settlements in German-occupied Western Russia, Aetna reported today.

The Netherlands news agency quoted Reichsmarshal Hermann Wilhelm Goering's newspaper, the Essener National Zeitung, as saying "these districts will compensate the Dutch for the colonies which they have lost for all time."

The new corporation, called the Netherlands East company, was given a monopoly on a Dutch settlement in Western Russia.

## SPORTING BLOOD

BY HARRY HARRISON KROLL

COPYRIGHT, 1942.  
NEA SERVICE, INC.

THE STORM: Strickland Ballard, pompous, paternalistic medicine king, has politely stolen a prize horse and a new strain of corn from young Hunter Dent, his farm manager. Hunter bets his next year's salary that before the year's end his wage-loving employer will restore his horse and corn, and apologize. He repeats the bet before Ballard's daughter, Bella. Late that night Hunter finds Ballard's dissipated son, Junior, lying on the floor of his room. Beside him is a satchel containing \$17,000.

## CHAPTER II

HUNTER DENT dazedly counted the sum of money again, and replaced the large denominations in the leather bag. A goldleaf monogram, almost obliterated by use, was of the First National Bank, Middleton. The Ballard Laboratories had their account in this bank. It was possible the money was Mr. Ballard's. Hunter went and looked down at the boy. He was breathing with a gargling noise and seemed dead drunk.

"Poor brat. Well, this is the fruits of too much paternal indulgence. I'd better get him to his room and to bed."

First, however, he must safeguard the money. He put it in the new steel safe, the combination to which only Hunter knew, as the safe was recently installed and Mr. Ballard had not got around to checking on the installation. Hunter then hoisted the limp young man across his powerful shoulders and carried him into the night. The party seemed to have broken. Hunter knew his way about. He toted Junior to his room and without taking off his clothes put him on the bed and came away.

He made a round of the house. Odd about the party's breaking up. Usually these things lasted all night. The house was as deserted as a tomb. He searched for Junior's car, a powerful, costly roadster, but it was not in the garage nor parked under the trees in the drive.

"Funny," Hunter commented in his mind.  
The thought that struck Hunter made his pulse bound. Junior Ballard in all likelihood was so intoxicated that he would remember nothing of his coming to the office of Hunter's carrying him to his bed, perhaps not even how or where he had got the money!

"All I would need to do," Hunter thought, "would be to keep the money in the safe. Junior will almost certainly get into trouble over it. Just before he has to go to jail, or the hot seat, I can have my inning with his daddy. Ballard will do anything for the boy."

"I've got him with his tail in the fence-crack, and all I need to do is let the fence drop smack-dab down on him!"

Maybe it was a little shabby. But when you have just yielded up the fruits of some years of your own life because of an underhold, and you manage in turn to grab yourself an underhold even stronger, is that a moment in which to weaken? Hunter stiffened his spine and went in, going to bed so as to catch some more sleep before he rose early in the morning.

HE did not sleep very well. He waked before sunrise, according to his habit. He went down to the barn. There he set the colored boys to feeding the horses, and getting the milking done. Sunrise was gathering on the hills and valleys and river when he was through with the morning chores. "Top of the morning!" called a cheerful contralto voice from the bottom step as Hunter came around the corner of the office.

"You know, mysteries always charm and challenge me," Bella said. "I'll wager you that if I had a clew I could solve this deep dark mystery."

"Hullo, Red," Hunter said, eyeing her with disapproval. Bella Ballard wore a bright peasant dress, a milkmaid's dress. If she had ever milked a cow he had not seen her. But for her father's registered herds she might have been plucked from trees. Her gay parody on a working-girl's costume somehow outraged the young manager. She was just a little too lovely, her lips were just a bit too kissable. She hadn't any right to be so damned attractive. It would have been different if she still followed him around as she did as a teen-kid. Now she was grown up. She would be married at Christmas to Oliver Tisdale.

TRUE, all this was poor excuse for his contrary venom. "What are you doing here? Clear out," he told her. He supposed this was jealousy. But she got on his nerves.

"What's that you've got?" "The morning paper. It comes by the dawn cream truck. Since you seem to be illiterate I'd better read you the news which has crowded the war news off the front page." She shook the paper out.

"That's interesting," Hunter grunted.

"Yes, it is. A bank messenger was shot last night and seventeen thousand—"  
Hunter grabbed the paper, read furiously, hitting the high spots. The slugged bank messenger was near death. Unconscious, and the police had been unable to question him. Identity of assailants unknown. The supposition was that a payroll, or secret movement of money in currency, had cleared through the First National on short notice, but bank authorities had not been contacted at the time of going to press. The job had all the earmarks of an inside stunt.

## Women Golfers of Country Club Are in Tourney Play

Mrs. C. A. Buchner, Sr., June golf champion, had the best low net score in yesterday's 15-hole match for linkswomen of the Dixon Country club. Mrs. Carl Plowman accounted for the lowest number of putts.

A dozen players teed off at 10 o'clock, following their links event with luncheon at the clubhouse.

At 2:30 p. m. Sunday, men and women golfers will tee off in a two-ball mixed foursome match. The linkswomen have accepted an invitation extended by women golfers of the Plum Hollow Golf and Country club for an inter-club contest at Plum Hollow on Tuesday, July 21.

Scores for the first round of the June contest have been posted on the bulletin board. Mrs. L. C. Shoaf, golf champion for the season, won her match from Mrs. W. T. Slaughter; Mrs. Buchner defeated Mrs. Carl Plowman; Mrs. M. O. Hammer finished ahead of Mrs. Robert Brewster; Mrs. Donald R. Alton lost to Mrs. Kenneth Detweiler; Mrs. Leo Miller won from Mrs. Joe Miller and Mrs. E. E. Barrowman defeated Mrs. L. Y. Peterson. Mrs. Harold Coss, who was called out of town by the illness of a relative, defaulted to Mrs. James Osborn.

The second round of the contest is to be played off before next Wednesday, when the players will tee off at 9 a. m. in Scotch four-somes.

## MURRAY-KUEPKER BRIDAL IS READ

Miss Bernell Kuepker of Savanna, daughter of the Arthur Kuepkers of Walnut, and Harold Murray, son of Mrs. Anna Murray of Tampico were married Saturday morning, May 30, in the parsonage of St. Peter's Lutheran church at Savanna. The Rev. Gerhard P. Fischer performed the ceremony.

Mr. and Mrs. Harold Hammen of Savanna attended the couple.

The bride wore a street-length dress of turquoise blue, with white accessories. Mrs. Hammen chose aqua blue with beige accents. Sweet peas formed their shoulder bouquets.

Mrs. Murray was graduated from Walnut high school with the class of 1941, and from Lorene's School of Beauty Culture. Since March, she has been employed at the Jones Beauty shop in Savanna. The bridegroom attended Manlius high school, and is employed at Prophetstown. The couple are residing at Savanna.

**CARTER-MEIRATH**

Mr. and Mrs. John Meirath announce the marriage of their daughter, Dorothy, to Paul Carter, son of Mrs. James Minor of Steward. The Rev. E. G. Dale read the couple's vows on Saturday evening, June 6, at St. Paul's Lutheran church in Oregon.

Mr. and Mrs. Harold Ward of Rockford were the couple's attendants.

Mrs. Carter was graduated from Ashton high school with the class of 1938, and the bridegroom is a graduate of Steward high school with the class of '39. He is now with the Green River ordnance plant here.

The couple went to Wisconsin for their honeymoon.

## MISS EISELE AND OWEN MILLER WED

Miss Celest Eisele of Walnut, daughter of Mr. and Mrs. John Eisele of Dupue, Ill., became the bride of Owen Miller of Wyand, son of Mr. and Mrs. W. F. Miller of Hodgeville, Ky., Friday evening, June 5, at the Manlius Baptist church. The single ring ceremony was read by the Rev. B. F. Butler.

The bride selected white accessories for her pink street-length dress. Her shoulder corsage contained gardenias and Johanna Hill roses.

Mrs. Miller was graduated from Bureau Township high school. The bridegroom expects to be inducted into the army in July.

**BRIDGE CLUB**

Mrs. Jack Fritzen of Findlay, Ohio held a guest tally, when Mrs. Herbert Cooper entertained her bridge club last evening. Mrs. Lyle Melvin and Mrs. Yvonne Prestegard were fortunate in the contract games, which conclude the club's bridge play for the season. On July 13, the group expects to have dinner together, clinaxing their party series.

## She Keeps Tabs on Style

Keeping tabs on fashion is Hollywood's business, and here's Rosalind Russell doing it literally. Irene designed both costumes for Rosalind's new Paramount picture, "Take a Letter, Darling." The suit, right, is sandy beige wool. It closes with one button in the middle of an unusual wide scalloped tab. In the pink and magenta hostess pyjamas ensemble shown at left, the tab closing again creates a striking effect.

## FATHER INSTALLS SON AS HEAD OF DIXON DEMOLAYS

B. J. Frazer, Sr., principal of Dixon high school, was acting as installing officer last evening, when his elder son, Bernard, Jr., was installed as master counselor of Dixon chapter, Order of DeMolay. Twenty-five or more guests attended the formal ritual, exemplified at Brinton Memorial Masonic temple.

## Story of Midway Is Told by Freeporter and His Companion

Lt. Chuck Crowell Aids in Destruction of Jap Vessels From Air

By CLARK LEE

General Emmons Headquarters, Territory of Hawaii, June 11—(AP)—An explosive anti-aircraft shell hit a flying fortress piloted by Lieut. Jack D. Whidden, 25, of Van Nuys, Cal., and Lieut. Chuck R. Crowell, 22, Freeport, Ill., but they pressed home their attack, hit and probably sank a Japanese destroyer in the battle of Midway. Jack and Chuck told about it in these words:

"We saw our first action in the war on the morning of June 4, when with our squadron we attacked the Japanese battle fleet 150 miles off Midway.

"We saw among other ships two heavy cruisers and three carriers, one of them very large, with many destroyers weaving about. Actually we have to confess that the sight of the ships was a complete surprise to us."

Jack: "We were flying along following our squadron leader through the clouds. He ordered our plane to prepare to drop bombs. I thought that we were about to land or leastwise getting somewhere near bases and that the bombs were to be released to lighten the load so we could make it home okay. Our gasoline wasn't any too high at that point. Anyway we got ready to let the bombs go and just then we burst through the clouds and there were some 20 to 25 ships beneath us and all of them blazing away at us."

"Pretty Scared"  
Chuck: "That ack-ack was plenty thick. In fact, very, very thick. We were down real low for planes of our type—fortresses. I felt pretty scared."

Jack: "So did I feel scared for a few minutes. We saw the first burst of anti-aircraft shot off to the right and I threw up my right arm instinctively to cover my face as if boxing. Then I got mad. So did Chuck. And from then on we were too mad to be scared."

Chuck: "That is, until we got back home and began thinking the whole thing over."

Jack: "Anyway, this stuff was getting pretty thick. We were flying right through it. Then an explosive shell hit our left wing. It cut the main spar and wrecked the flaps and damaged the ailerons. The cockpit suddenly filled up with smoke. It smelled like firecrackers. We thought for awhile that we were on fire. That shell knocked down our rear gunner but he got up again and told me over the phone he could see a lot of holes in our left wing."

Chuck: "I remember the sound of that shell. It went 'ker-poom' and waves of hot air came up our legs."

Sight Target

Jack: "There was a destroyer directly ahead of us. It was our target and believe me we were its target. That destroyer was really putting out. It must have thrown up 500 AAA shells in 30 seconds. The sky was black with exploding shells."

Chuck: "We kept going in and the bombardier laid one right on the stern of that destroyer. We could see the explosion and it was smoking badly as we pulled away. Jack: "Then two zeros got after us. The tail gunner got the first one, which went down in flames. The side and rear gunners knocked the hell out of the second zero. Then we were more or less alone in the air as far as the enemy was concerned and had time to look over our situation."

Chuck: "Our situation wasn't any too good. Our flaps were shot away. The left wing was a little wobbly. One motor wasn't functioning right. It was nearing night time and we were heading for a strange field on a small island."

Praise for Commander

Jack: "I believe it was pure luck that got us back plus, of course, smart navigation and swell leadership by our group commander, Capt. Ernest Marniere of Hartford, Conn. Our flight never broke formation and we landed okay."

Jack and Chuck: "Those B17s will win the war."

Both also would like to get back into action against the Japs and "don't expect any heavier fire than they already have experienced."

Lieut. Edward A. Steedman, 26, of Sherman, Tex., and his co-pilot, 2nd Lieut. D. K. Carpenter, 21, of Monroe, Ore., saw action on June 3 and June 4 as members of a bomber formation headed by Capt. Cecil Faulkner, of Bellevue, Tex.

"We took off without knowing exactly what we were up against although we knew our boys had a flock of Japs spotted," said Steedman. "Our captain just flew along and we came in out of the sun and saw an invasion fleet of 26 vessels. We dropped our load on a transport. Next morning we started out again as soon as daylight and found and hit a carrier. Our bombardier put one right on the bow."

Three Japanese zero-fighters attacked their plane and one of them

## Establishing New Base in South Pacific

Literally up to their necks in work are this officer and his aides as they plan runway ramps for seaplanes at new army, navy, and marine base under construction on one of the wild, undeveloped islands "somewhere in the south Pacific."

Amid a setting of tropical palm trees, with a navy scout bomber for background, a Protestant army chaplain performs ceremony of holy communion for kneeling soldiers who are helping build new United States base in south Pacific. Pews are formed by planks set on crated tail fins of bombs.

Emerging from what was recently wild jungle is this new army, navy, and marine base in the Pacific. Highways have been built and complete motorized equipment brought into this new and powerful link in our Pacific defenses. (Official Navy Photos: NEA Telephotos.)

was shot down by the tail gunner.

Somebody asked Steedman "Did you feel good when you saw that Jap go down?"

"Oh hell yes," answered Steedman. "It was either he or I."

Later four zero fighters got under the bomber's tail but it got away without a scratch.

Said Steedman and Carpenter: "Put three of those 17s together and they'll tackle anything. We would just as soon be in one of them over Tokyo as any place we can think of."

HE WAS TOUGH TO BEAT

Nashville, Tenn. — (AP) — Veteran Vanderbilt track coach Bill Anderson describes retiring Cap-

tain Poyner Thewett as "the most valuable track man I've ever had in the 36 years I have coached at Vanderbilt."

Thewett was high point man at the recent Southeastern Conference track meet, tallying 11 points in winning the 220-yard low hurdles, tying for first in the high jump and placing fourth in the 120-yard high hurdles.

The Nashville youth ran the low hurdles in 23.5, two-fifths off the conference record. And until two years ago he had never hur-

dled.

 1/2 cup peanuts, chopped,  
 1 cup raisins.  
 Blend shortening, salt and cinnamon. Add sugar and molasses and blend. Add egg and beat. Sift soda with flour and add to creamed mixture. Add milk, oats, peanuts and raisins. Drop from a tablespoon on greased baking sheets. Bake 12 to 15 minutes in moderate oven 350 degrees F. Makes 5 dozen cookies.

**Victory Frosting**  
 1 egg white  
 1/2 cup dark or light corn syrup  
 2 tablespoons sugar  
 1/4 teaspoon cream of tartar  
 Dash of salt.  
 1 1/2 teaspoons vanilla  
 2 1/2 tablespoons sugar  
 Put egg white, corn syrup, sugar, cream of tartar, and salt in top of double boiler and mix thoroughly. Place over rapidly boiling water and beat constantly with rotary egg beater until mixture will hold a peak (about 7 minutes.) Remove from fire, add vanilla, and beat until cool and thick enough to spread. Covers top and sides of 10 x 10 x 2 inch loaf; tops and sides of two 8-inch layers.

### MENU VARIATIONS

#### Pan Fried Porgies

3 pounds porgies, split to about 1/2 inch thick  
 1 cup yellow cornmeal and flour, equal parts  
 4 teaspoons salt  
 4 tablespoons shortening  
 Beat shortening over low heat in a heavy utensil. Cut fish to service portions. Sift together the cornmeal, flour and salt. Dip fish in water or milk and cover well with dry ingredients. When shortening is thoroughly heated, place fish in the pan and cook 3 minutes. Then cover the pan tightly and remove from fire, allowing fish to cook in its own steam about 2 minutes. Remove cover, turn fish, return pan to heat and cook 3 minutes longer. Allow 1/2 pound fish per serving. Any fish suited to frying can be cooked by this method. Fish less than 1/2 inch thick will require a shorter cooking time; allow longer for thicker fish.

**Rosy Grapefruit Juice**  
 1 cup fresh raspberries  
 2 1/2 cups unsweetened grapefruit  
 4 tablespoons sugar, or syrup or honey to taste.  
 Mash the berries with the sugar; press through strainer. Combine the raspberry mixture with the grapefruit juice that has been chilled in advance. Serve in glasses half-filled with cracked

ice. This serves 4; delicious starter for luncheon.  
 Substitute: Replace berries and sugar with 1/2 cup loganberry juice.

### SUBSTANCE PLUS THRIFT

**Baked Lamb Patties**  
 1 pound ground lamb (from neck)  
 1 cup fresh bread, crumbed  
 1 egg, slightly beaten  
 Seasonings to taste  
 1/2 cup stock or broth from 1 bouillon cube.  
 Mix the meat with crumbs, egg and seasonings. For seasonings, allow 1 teaspoon salt, 1/2 teaspoon pepper, a fleck of thyme and 2 teaspoons minced parsley; 1 teaspoon lemon juice adds zest. Shape the mixture in small patties and place in glass casserole. Pour the warm broth or stock over patties; celery or parsley leaves may be added. Bake 1 hour in a moderate oven 350 degrees F., basting occasionally. Baking may be speeded by covering for the first period. Serves 4.

**Sauce for Cooked Vegetables**  
 Fresh asparagus, broccoli and boiled cabbage should be enlivened occasionally by a cheese sauce. Try this:

1 tablespoon butter  
 1 1/2 cups finely diced American cheese  
 1/4 teaspoon salt  
 1 teaspoon worcestershire sauce  
 1 teaspoon prepared mustard  
 1/2 cup evaporated milk  
 Melt butter and cheese in top of double boiler over hot water; keep heat fairly low. Add salt, sauce and mustard. Blend thoroughly before stirring in milk. Heat to boiling point and remove quickly. Yields 2 1/2 cups sauce.

## Czech Government Vows Revenge for Nazi Executions

London, June 11—(AP)—The Czech government here vowed vengeance tonight for the execution of the hundreds of persons by the Germans in reprisal for the assassination of the Gestapo hangman, Reinhard Heydrich.

In a formal note to the allied governments the Czechs said: "The Czechoslovak government will take all necessary steps which it may regard as desirable to secure retribution for these atrocities, and will relax no efforts to bring to account all those who committed these crimes or who were in any way responsible for them."

The toll of Czech lives exacted by the Germans in bloody vengeance for the slaying of Reinhard Heydrich rose to a known total of 306, exclusive of uncounted scores slain in an unprecedented purge which wiped the little town of Lidice off the map.

Announcement of the execution of 31 more Czechs in Prague and Bruenn was made by the Berlin radio a few hours after it reported last night that all men in Lidice had been shot on the charge that the population sheltered the assassins of Heydrich, nazi ruler of Bohemia and Moravia.

The German radio gave the population of Lidice—a village of coal miners and woodcutters situated a few miles from Prague—as 483, but Czech quarters in London said it was nearer 1,200.

All women residents were sent to concentration camps, the children were placed in "appropriate educational institutions" and the

town itself was leveled to the ground, the Germans declared.

Read your Telegraph thoroughly tonight. It contains much of interest.

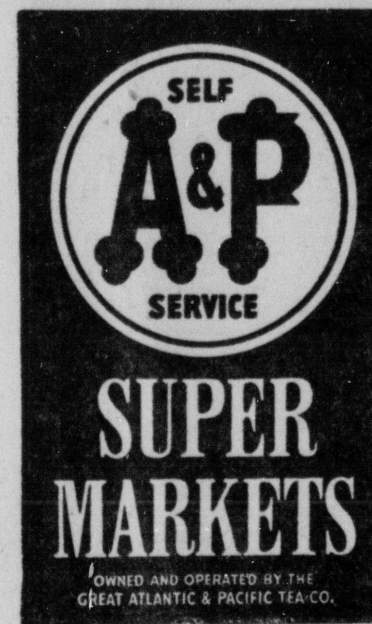

## House of Commons Passes Mine Control

London, June 11—(AP)—The House of Commons approved today the government's plan to in-

stitute public control of coal mines and, if necessary, to ration fuel to ease the crisis caused by falling production and mounting consumption. The vote was 329 to 8.

# Lee Co. Treasurer Collects \$23,475.02 From Northwestern

## Railroad Pays Taxes of Over Million Dollars in 25 Counties

The Chicago & Northwestern Railway company has paid nearly \$1,400,000 in taxes levied upon its property in twenty-five counties of Illinois for 1941, according to R. L. Williams, chief executive officer of the railway.

Taxes paid in the three counties of Dixonland were:

Lee, \$23,475.02; Bureau, \$16,440.08 and Ogle, \$7,313.66.

Broken down the tax in Lee county was: county, \$4,111.46; school, \$6,629.98; non-high school, \$5,701.52; township, \$1,460.12; city and village, \$1,297.62; township roads and bridges, \$4,124.58; park district, \$97.21; fire protection, \$52.53.

Cook county will receive \$956,074.44 of the total amount of \$1,394,147.09 in taxes levied, with various taxing bodies in the city of Chicago receiving \$662,779.09, Williams said in announcing the tax figures compiled by R. A. Miller, tax commissioner of the company.

# Illinois U. Has Complete Data on Concrete Mixture

Champaign, Ill., June 11—(AP)

On the subject of reinforced concrete, the University of Illinois probably has more information than any other agency in the world.

It is an important war-time subject and the university's data is helping evaluate the strength of existing bridges in carrying military loads, a new 24-page bulletin said today.

"Research work bearing on the war program by members of the staff is so varied and extensive that no complete statement can be given," the bulletin said. "Also, much of this work is of a confidential (war) nature and cannot be reported."

But in outlining some of the war-activities, the publication revealed that:

Prof. Roger Adams, chemistry department head, is chairman of the chemical engineering division of the National Defense Research committee. Adams and 25 department members are working on war research.

Prof. F. W. Loomis, head of the physics department, and six colleagues are on leave of absence for an investigation that has to do with the Navy and the results of which "are already beginning to appear on the battle front."

Harry J. Fuller, botany professor, is in Mexico hunting for plants with a high rubber content.

The College of Engineering is busy with special testing problems and other investigations on such subjects as vibrations of airplane wings, alloys, plastics and welded joints.

"The work being done on welded and riveted joints is for the United States Navy and bears directly on the design of warships," the bulletin said.

## Methodist Church

James H. Hagerty, minister  
"Watch ye, stand fast in the faith and you like men, be strong."  
1 Corinthians 16:13.

This is certainly the call for every citizen to attend the church of his choice these days. Paw Paw should have a total church attendance of a Sunday morning of at least 400. It is our solemn obligation to be spiritually armed.

Paw Paw: 10 a. m. Sunday school. Carl Rosenkrans, superintendent.

11 a. m. Morning worship. "The Rock of Salvation."

Thursday, Junior League party at the church 7-9:30.

June 17, 2:30 p. m. Women's society meeting.

June 24, Rock River conference opens in Evanston.

Compton: 9 a. m. Sunday school. John Archer, superintendent.

9:45 a. m. Morning worship. "The Rock of Salvation."

Wednesday evening, June 16, matrimonial supper at the church.

This year the fourth quarterly conference of Paw Paw, Compton and West Brooklyn will meet in the parlors of the Methodist church to close the year's business and to elect officers and to appoint committees for the ensuing year. All church organization heads will report trustees and standing committees. Rev. Allan Billman will act as chairman of the conference.

This Methodist boy will convene at the First Methodist church in Evanston on Tuesday, June 23. Business will not be transacted until Wednesday morning. The main features of the Rock River conference are:

Wednesday: A. M. Swedish churches unite. Minister's memorial service. P. M. Commission reports, education and local church. Evening, communion service.

Thursday: A. M. Commission reports on evangelism, citizenship. P. M. commission reports on world peace, temperance. Evening, "China's New Day" by Bishop Herbert Welch.

Friday: A. M. District superintendent's report. Reports, "city missions, world service. Ministers' wives luncheon. P. M. Women's society work. Evening, "Religion in a World of Revolution" by Dr. Hutchinson.

Saturday: A. M. General business. P. M. Methodist youth conference. Evening, Dr. Harvey Seifert, executive secretary of Methodist youth.

Sunday: Lone feast 10 a. m. Morning worship 11 a. m. "Life's Quest," by Bishop Welch. 3 p. m. ordination service. Reading of appointments. Adjournment.

Morning sessions 9 a. m. Afternoon sessions 2 p. m.

## Bible School

The Vacation Bible school held its closing last Friday evening in spite of the rainy weather. There were 50 pupils with perfect attendance. 22 missed only one day, 6 missed two days and 7 started but did not qualify for certificates having less than 8 days. Twenty work Bibles were purchased for pupils having none; of these about half were paid for by the parents.

the balance came from the regular Bible school expense.

Several have given evidence of vacation schools, being held in Paw Paw for more than 6 years. A careful study is being made of this matter so that some may be given higher honor seals."

## Baptist Church

Herman E. Meyer, pastor  
10 a. m. Sunday school. Mrs. Forest Brewer, superintendent. A children's day program will be presented.

11 a. m. Morning worship. Mr. Lundmark, a member of the Lakeview Gospel Quintet will give the message. The Lakeview Gospel quintet will also be featured.

6:30 B. Y. P. U. always an interesting discussion.

7:30 evening service. The Lakeview gospel quintet will be featured.

Wednesday 1 p. m. Willing Workers luncheon.

Thursday, 8 p. m. Inspiration service.

Members and friends of the Baptist church will be pleased to know that we are to have the privilege of hearing the Lakeview Gospel quintet of Chicago, with us at both services, Sunday, June 14.

This fine laymen's five has been with us on three other occasions, the last time being during our centennial celebration. The public is cordially invited to hear them sing the gospel message, in their own inspiring manner.

## Presbyterian Church

J. Edward Dirks, pastor  
10 a. m. Sunday school. Frank E. Nangle, superintendent.

Several weeks ago the people of the Presbyterian church were very pleased with the fine Mother's Day service, conducted by the ladies of the church. Next Sunday is Father's Day, and by request of the congregation the fathers of the church will lead and take part in the morning service. This is again a unique type of service and should be of real inspiration to all who attend. The morning worship hour is 11 o'clock and everyone is cordially invited.

## Triple S. Class

The members of the Triple S class met at the Methodist church Tuesday afternoon. The afternoon was spent in piecing quilt blocks and tying comforts. An election of officers for the coming year was also held with Mrs. Bert De Jean as president and Mrs. Louise Valentine as the vice president. The regular business meeting took place and a very pleasant afternoon was spent by those present.

## Happy Birthday

Following are the names of the boys who are celebrating their birthdays in the month of June. Send them a card, so they will know we haven't forgotten them. Also are two new addressed added to the already long list:

# Doc Cramer is Admitted into Exclusive 2000 Hit Club

## Gets Three Blows Against Yankees For Total of 2001

### Only Seven Other Active Big Leaguers Can Boast Similar Record

By JUDSON BAILEY  
Associated Press Sports Writer  
Step by step the present stars of the major leagues are finding their way into the hallowed company of baseball's old-time all-time standouts.

The latest to earn a place on the permanent honor roll of the game is Roger (Doc) Cramer, the Detroit Tigers' outfielder, who made three hits against the New York Yankees yesterday to lift his lifetime total to 2,001, a level that has been reached by only seven other players still active in the major leagues.

Dick Bartell of the New York Giants entered the 2,000 hit class in April and Mel Ott, Paul and Lloyd Waner, Jimmie Fox, Joe Cronin and Charley Gehringer already were there. Joe Medwick and Billy Herman of Brooklyn have a good chance of qualifying near the end of the season.

Cramer's achievement in his 14th year in the American League called attention to Paul (Big Poison) Waner, who in his 17th season needs only five hits to total 2,000. Including Cramer, just 77 batters in the history of the major leagues have passed 2,000 hits, but only six have reached Waner's goal. Everyone that made it now is memorialized in baseball's hall of fame at Cooperstown.

—Ty Cobb, Tim Lincecum, Honus Wagner, Eddie Collins, Nap Lajoie and Cap Anson.

The three hits by Cramer were important individually, but they had nothing to do with the Tigers beating the world champions, 4-1. The blows that counted in that battle were a homer in the fifth by Jim Bloodworth and another by Ned Harris with two on in the 11th.

Paul Waner noticed his 2,995th hit last night, but his Boston mates collected only three others off Rip Sewell, who pitched the Pittsburgh Pirates to a 3-0 shut-out over the Braves.

It was the sixth straight win in the longest streak of the season for the Bucs and the ninth straight setback for the Braves. Sewell drove in two of the runs by singling with the bases loaded.

In another night contest, the New York Giants climbed into a third place tie in the National League with Cincinnati by beating the Reds, 6-1, their fifth straight victory over the Red Legs.

Big Bill Lee acquired his eighth victory of the season as the Chicago Cubs rallied for five runs in the seventh inning to beat the Phils, 5-2. The Cubs were held to four hits, but made all of them in their big rally as John Podgajny's victory vanished along with his vision of a no-hitter.

Weather kept the Brooklyn Dodgers idle at St. Louis again.

The Boston Red Sox reinforced their hold on second place in the American League by trimming the St. Louis Browns, 10-3. All the losers' runs off Tex Hughson came on a homer by Mike Chartak, Dom DiMaggio and Bill Conroy homered for the Sox.

The Chicago White Sox made the Philadelphia Athletics exchange places in the cellar by beating the A's, 4-1.

The Cleveland Indians, held scoreless for eight innings by Buck Newsom, moved ahead with a three-run rally in the ninth, but had to go 12 innings to beat the Washington Senators, 4-3, in a night game.

## Indiana Tennis Star Nearly Defeated in Illinois Tournament

Chicago, June 11.—(AP)—Olen Parks of Notre Dame, Indiana collegiate singles champion, had a battle on his hands today as he sought a quarter-finals berth in the Illinois State tennis tournament.

Seeded No. 4, Parks came up against unseeded John Clark of Chicago in a third round match late yesterday. Clark carried the games to 7-5 before yielding the first set to the Indiana star, then took charge to take the second set at 6-4. Parks recovered to grab a 4-0 advantage in the third set before the weather halted all matches. The duel was to be resumed today.

In another interrupted third rounder, third-seeded Jimmy Evert, Notre Dame, national junior indoor champion, had a one set advantage, won 6-4 over Jack Cunningham of Los Angeles, to carry over in today's resumption.

Two more seeded players entered the quarter-finals before the interruption. Bobby Jake, Milwaukee, No. 7, defeated Charles Shostrom, Chicago, 6-4, 6-4, and Illinois High School Singles Champ Benny Migdow of Crane Tech, No. 8, disposed of Jerry Evert, Chicago, 3-6, 6-3, 6-2.

## 2 Army Football Groups Will Play Professional Teams

### Will Compete for Charity in Cities From East To West Coast

Washington, June 11.—(AP)—Two powerful army football teams, made up of the finest college and professional talent in the service, will battle the clubs of the National Professional League across the nation's gridirons this autumn in a series of games principally for the benefit of Army Emergency Relief.

In six bustling weeks the two service eleven-men representing the "East," the other the "West,"—expect to appear in cities all the way from Los Angeles to Boston and to reap a million dollars or more for charity.

It is planned for the two army squads to begin training Aug. 22, one somewhere in the Mid-West and the other on the East Coast. Six days later, on August 28, the West team has a date with the professional Washington Redskins in the Los Angeles coliseum.

Army authorities have not yet selected the coaches, but it virtually is certain that Wallace Wade, famous as coach of the Duke Blue Devils and now major of a machine gun battalion, will handle the Eastern squad. The coaches will pick their own squads and select training sites.

Ray McCarthy, sports coordinator for the army emergency relief, still has to smooth out a lot of details. Dates have not been set for games with four of the professional teams and it is probable that some dates announced at this time will have to be altered.

McCarthy said the Eastern team would open against the New York Giants at the Polo Grounds Sept. 12. It will play the Brooklyn Dodgers at Jersey City Sept. 16 and the Chicago Bears at Fenway Park, Boston, Sept. 30.

After the Los Angeles game the Western team is to meet the Detroit Lions at Detroit, Sept. 8, and the Green Bay Packers at Milwaukee Sept. 13.

McCarthy hopes to schedule the Western team against the Chicago Cardinals at Denver and against the New York Giants at Buffalo.

## Bear Eleven to Open Against Camp Grant

Chicago, June 11.—(AP)—An August 22 football opener for the Chicago Bears, the professional champs, was announced by Skipper George Halas.

Paying their own expenses, the Bears will leave their camp at Delaford, Wis., on that date to meet the Camp Grant (Ill.) eleven in General Bell bowl on the army reservation, for the benefit of the Army Emergency Relief Fund. Arrangements will be made to seat 20,000. Soldiers will be admitted free.

## Kansas City Blues Idle; Milwaukee Beats Louisville

### Norman's Homer in Fifth With None on Wins For Brewers 4-3

(By The Associated Press)  
Another postponement kept the Kansas City Blues, current champions of the American Association, idle again last night and Milwaukee seized the opportunity to improve its second place position.

Facing Louisville, the Brewers found it no cinch, and it took left-fielder Bill Norman's clout over the left field fence to turn the trick, 4-3.

Chick Sayles and Emory Rudd held Milwaukee to seven hits while the Colonels were collecting 10 off Walt Lanfranconi. The Brewers, however, took three runs on singles in the fourth, and Norman's homer at the start of the fifth provided the victory margin. Louisville scored once in the second and threatened in the seventh with two more runs on a walk, a single and a double, but the rally fell short.

In the only other contest, Toledo and St. Paul, each just having succeeded in breaking a couple of the longest losing streaks in association records, were thrown together by schedule luck. In the tussle to avoid going back into reverse, the Mudhens came out on top, 10-3.

Left-hander Ewald Pyle kept the Saints' nine hits well scattered after St. Paul got off to a two-run lead, and Toledo put on a scoring spree good for six runs in the fifth, climaxed by Beau Bell's homer with two on. Rookie Lefty Martin yielded the mound to Vedic Himel, but the Mudhens kept up the barrage to score again in the seventh, eighth and ninth.

Both the Indianapolis-Kansas City and Columbus-Minneapolis engagements were postponed.

Today's schedule, with probable pitchers and starting times:  
Indianapolis (Gill) at Kansas City (Johnson or Volpi) 3 p. m.  
Louisville (Potter-Lucier) at Milwaukee (Lawson-Kush) 6:30 and 8:30 p. m.  
Columbus (Roe-Brechen) at Minneapolis (Schoenborn-Scheetz) 7 and 9 p. m.  
Toledo (Marcum) at St. Paul (Herring) 7:30 p. m.

## Three Eye Leaders Defeat Madison 10-1

(By The Associated Press)  
On the Three-Eye sidelines since Sunday, league-leading Springfield got back into circuit competition last night and jumped on Madison for 19 hits and a 10-victory, its 24th against eight defeats. Yelkin did the pitching, yielding only six scattered hits. Madison's lone run was Moore's homer in the eighth with none on.

Second-place Cedar Rapids was in equally good form in winning, 10-3, over Decatur, collecting 16 hits off two Decatur pitchers, while Palicia held the visitors to seven.

The Evansville-Waterloo game was postponed.

Today's schedule: Springfield at Madison; Decatur at Cedar Rapids; Evansville at Waterloo.

## At Recreation

Four teams of enthusiastic keepers of the fair sex have organized for a post season series at the Recreation alleys. In their opening session they demonstrated that they have lost little of the art of bowling. Hammarstrom of the Tigers piled up a count of 199 which was top single for the session. Daschbach's 444 for total series was closely contested by Oehl's score of 442, both being attached to the White Sox group. The results were as follows:

## Cochrane Names Service Team To Play All-Star Nine

### Gowdy and Earnshaw Will Assist Lieut. Mickey As Coaches

Washington, June 11.—(AP)—Lieut. Gordon (Mickey) Cochrane, manager of the service all-stars, has chosen 13 soldiers and 10 sailors to make up his team for the benefit game at Cleveland July 7 against the winner of the annual American League-National League All-Star contest.

Furthermore, Manager Mickey is serious about winning the Cleveland classic. He has asked that his players be relieved of their military duties in time to report to him at the Great Lakes Naval Training Station 10 days before the game for hard practice.

As his coaches Cochrane named Hank Gowdy of the Cincinnati Reds, who was the first big leaguer to enlist in the other World War, and George Earnshaw, former great pitcher with the Philadelphia Athletics and other clubs, now in the navy.

If they still are within reach, all the players Mickey asked for will report to him on the date requested. The military wants to win this game as much as Cochrane does. Pitcher Mickey Harris, formerly with the Boston Red Sox, will be flown up from the Canal Zone, and clearance will be granted every other player as soon as possible.

As a warm-up for the Cleveland game, Cochrane's stars probably will participate in a contest at Detroit July 4 between Great Lakes and Camp Custer, the navy men playing with Great Lakes and the army men with Custer.

Following is the roster submitted by Cochrane, with the players' former clubs and their branch of service ("A" Army; "N" Navy):

Catchers: Frank Pytlak, Boston Red Sox (N); Ken Sylvestri, New York Yankees (A); Vinnie Smith, Pittsburgh Pirates (N).

Pitchers: Bobby Feller, Cleveland Indians (N); John Rigney, Chicago White Sox (N); Hugh Mulcahy, Philadelphia Phils (A); Mickey Harris, Boston Red Sox (A); Fred Hutchinson, Detroit Tigers (N); John Grodzicki, St. Louis Cards (A).

Infielders: Emmett Mueller, Philadelphia Phils (A); Benny McCoy, Philadelphia Athletics (N); John Lucadello, St. Louis Browns (N); Cecil Travis, Washington (A); Buddy Lewis, Washington (A); Johnny Berradino, St. Louis Browns (A); Hank Greenberg, Detroit (A); Johnny Sturm, New York Yankees (A).

Outfielders: Don Padgett, Brooklyn (N); Pat Mullin, Detroit (A); Sam Chapman, Philadelphia Athletics (N); Joe Grace, St. Louis Browns (N); Morrie Aronovich, New York Giants (A); Joe Marty, Philadelphia Phils (A).  
This would appear to be Cochrane's strongest starting line-up: Greenberg 1b; McCoy, 2b; Lewis, ss; Travis, cf; Chapman, lf; Mullin, cf; Padgett, rf; Pytlak, c; Feller, p.

## Government's Food Committee Meets in First Session Today

Washington, June 11.—(AP)—Secretary of Agriculture Wickard called the government's new wartime food committee together for its first meeting today to hear an optimistic report on production prospects in this country and to make a survey of prospective requirements for military, lend-lease and civilian needs.

The nine member committee was created by the War Production Board last week to control the production, importation and allocation of all food supplies in the interest of the allied war effort.

Wickard, who was named chairman, planned to lay before the committee a report that agricultural production prospects have rarely been better at this season of the year.

## Illinois Grand Army Ends Its Encampment

Springfield, Ill., June 11.—(AP)—Hiram H. Shumate, 93, of River-ton, who enlisted in the Union Army when he was only 15 years old, was installed today for a third consecutive term as Illinois Department Commander of the G.A.R. Shumate and all other state officers of the Grand Army were re-elected, including James H. Lewis, Chicago, assistant adjutant and quartermaster general, who is 101 years old and believed to be the oldest G.A.R. veteran in the state.

Re-elected as member of Shumate's staff were Thomas Ambrose, Chicago, senior vice-commander; William M. Livingston, Peoria, junior vice-commander; Milton H. Myers, Park Ridge, chaplain; William P. Lockwood, Kankakee, patriotic instructor; Silas Nicholas, Waukegan, judge advocate; William Glenn, Belleville, and Albert E. Gage, Chicago, members of the council of administration.

The installation today concluded the G.A.R.'s 76th annual state encampment.

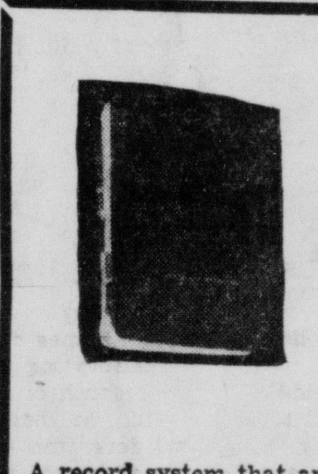

## German Sub Captain Helps Bombed Ship's Crew to Life Boats

An East Coast Port, June 11.—(AP)—The sinking of a medium sized United States merchant vessel in the Atlantic by a German submarine whose commander helped the American lifeboats make a safe getaway was announced today by the Navy.

The Navy said that the entire crew, excepting the captain who was killed, had been landed safely at east coast ports. The sinking by the sub's shell fire occurred "about 10 days ago," the Navy said.

Chief Officer W. C. Edwards, engineer aboard the vessel, said that the sub commander personally helped an injured crew member into a lifeboat and gave water and coffee to the escaping crew.

### Gold Star Mothers Ready to Receive New Members

New York, June 11—(AP)—The Gold Star Mothers of World War I today prepared to bring bereaved mothers of World War II into their organization.

Some of them wept as they heard Mrs. Gertrude Kram tell how her son, Leonard, died when his ship was torpedoed in February.

"He was so young," said Mrs. Kram, "only 18, but after Pearl Harbor he wanted to join the navy and his father and I consented."

"My son was 18, too," said Gold Star Mother Jennie J. Doyle, "but that was 25 years ago."

Mother Balcom—as everyone calls Mrs. Emma L. Balcom, National president—interrupted kindly:

"But we don't believe in too much mourning, do we Mrs. Kram? You'll find that life goes on and knowing other mothers will help."

The Gold Star Mothers, organized after World War I for mothers whose sons died fighting for their country, are in convention here, their first wartime meeting.

The government has approved the organization's gold-starred black sleeve band as the official badge of mourning for this war, Mrs. Balcom said.

### Compensation Will Be Paid Victims of Elwood's Disaster

Chicago, June 11—(AP)—More than \$800,000 will be paid out in workmen's compensation claims as a result of last Friday's blast killing 48 persons in the Elwood ordnance shell loading plant.

Chairman Alfred Borah of the Illinois Industrial Commission said that he would visit the plant near Joliet, Ill. with representatives of several insurance companies to obtain a complete list of the dead and injured with a view to early settlement of the claims.

Of the total dead, 34 have been identified. The body of Harold K. Nance was identified yesterday. He roomed at Kankakee and his parents reside at Cowden.

Borah and Victor A. Olander, secretary of the Illinois Federation of Labor, said it would be unnecessary for anyone concerned to employ an attorney, although Olander added the AFL executive board would defray legal expenses of any person who felt it necessary to have an attorney.

"Families of the dead will receive from \$4,400 to \$5,500, depending upon the number of children involved, and amounts up to \$4,000 will go to the injured, depending upon the degree of injury," Olander said.

Like thousands of other business and professional men, I have spent several hundred dollars in the course of the years for subscriptions to Letters, Comment, Digests, and Forecasts that promised to give me inside, advance, exclusive, and confidential information. The price ranged from \$18 to \$80 for 52 letters a year.

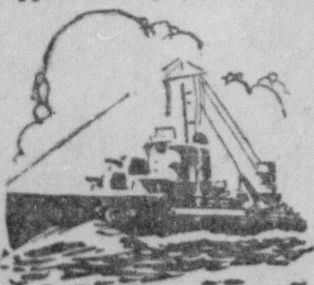

Lately I am growing allergic to this stuff. It is of course furnished topics for luncheon and dinner conversation and gives me a feeling that I know as much as the next fellow, but as pocket-book insurance it's expensive and as entertainment the price is prohibitive.

When you stop to think of it, what sources of information have these self-styled insiders got that aren't accessible to the Associated Press, United Press, and the correspondents of the leading financial and metropolitan newspapers, such as the Wall Street Journal and the New York Times? Being irresponsible, they can relate rumors and gossip, and thus occasionally call a strike before it crosses the plate, but they are likely to be wrong far more often than right.

### What You Buy With WAR BONDS

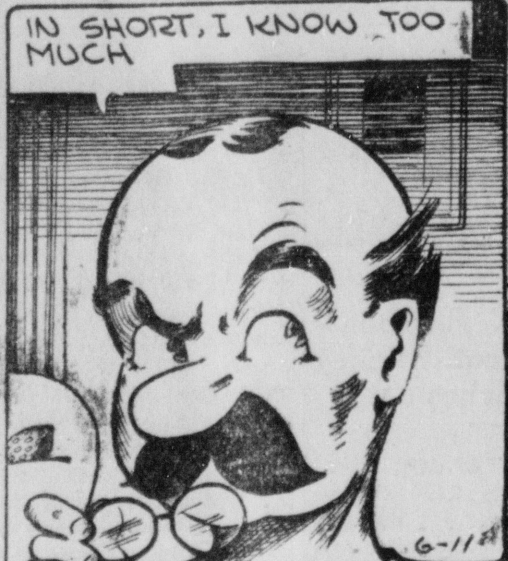

Ships of the Destroyer type comprise the bulk of our fighting ships in the American Navy. Their average displacement is about 1800 tons, and they are fast, powerful, and hard hitting. They have been particularly effective in convoy duty and gave a good account of themselves in the Coral Sea engagement. They cost approximately \$2,600,000 each.

Every Navy shipyard is turning out Destroyers in record time. They are essential for our two-ocean Navy. Purchase of more and more War Bonds will assure all-out production of these vital units for the Navy. Buy every pay day. If everybody invests at least ten percent of his income in War Bonds we can do the job. U. S. Treasury Department

## People's Column

### FEW FLAGS DISPLAYED

Editor Telegraph—I was greatly surprised and shocked to find in driving around Dixon Decoration day that there were very few flags displayed. In the block where I live, there was only one, besides my own. Surely the citizens of Dixon are not lacking in patriotism.

At this critical time I believe we should have a drive to arouse people to display the flag, and as one Chicago newspaper did, thought you might start the drive. It seems to me every home and place of business could and should display some sort of American flag, at least on patriotic holidays if not possible at all times.

—If you live in Dixon and do not receive your Telegraph by 5 o'clock, call this office immediately and ask for the circulation department. A copy will be delivered to you by special messenger. No service is maintained after 6 P. M.

The state of New York expends twice as much money for drinking water as for the gasoline used by its motor vehicles.

## PILE

Oh, How They Pained and Itched.

Then this DOCTORS' Ointment Gave Relief That Amazed Him!

"I was positively amazed at the relief of pain and itching of piles when I changed to your ointment."—Lester Whaley, Hiawatha, Kans. That's what may be expected from Thornton & Minor's Rectal Ointment. It's used adjunctively by DOCTORS, at noted Thornton & Minor Clinic. For quick relief of pain, itching, soreness of piles, fissures, rectal irritations; simple, non-surgical cases. Get a tube today (with pile pipe, cover). If not, delighted, your money back.
